FIRESTOPPING SAVES LIVES & PROPERTY

Properly installed firestopping has been proven to contain fire & smoke.

Need Training? In Canada and the U.S.A. we conduct free training to architects, fire marshals, code inspectors or any interested organization.

Delivering quality project management, superior value and a project installed using the proper fire stop and smoke systems for building integrity and occupant safety.

BUILD & RETROFIT YOUR FACILITY TO MEET FIRE CODES

*Schedule a Firestopping Inspection
in the U.S.A. or Canada Today!*
